Annual Reports for year 2000

D. Wayne Hedberg, Permit Supervisor
Minerals Reclamation Program
Utah Dept. of Natural Resources
Division of Oil, Gas & Mining
P.O. Box 145801
Salt Lake City, UT 84114-5801

Dear Wayne:

The accompanying report forms, etc. are in reply to your letter of Dec. 19, 2000 to Michael J. Pauletto-attached with a note, and our conversation of Jan.30, 2001 requesting a delay in filing the reports.

There are four mines/sites involved. All are under the ownership of Mr. Pauletto, and all with the same operator, Michael Cates of Interstate Rock Products. One of the four properties is a proposed millsite (SO30061). There was no activity on this site during 2000 and it is dropped from consideration.

If there is anything further you may require, please advise.

Thank you for your consideration on this matter.

Yours very truly,

Richard F. Riordan

Name: Michael Cates, Interstate Rock Products, Inc.
Title: Mgr., Utah Div. of Interstate Rock Products
Business Address: 1705 West 100 North, Apt. C
City, State, Zip: Tremonton, UT 84337
Phone: 435-257-7625 Fax: 435-257-8673

☒ Please check if any of the above information has changed since previous year.

II. Mining and Reclamation Mineral rights acquired by I & P from Newmont Mining Co. in 2000

1. Was there any mine related activity during the past year? Yes ☐ No ☒
2. If no - what was the last year of activity? Several small pits, recent past??
3. If yes - how much ore or mineral was mined? _____

4. Briefly describe the type of work performed, volume of material moved, and any new or additional surface disturbances that occurred during the past year.
No work performed. Only activity involved an environmental
study of the proposed access road to the planned quarry site.
5. How much **additional acreage** was disturbed during the past year? None
6. How much acreage was **reclaimed** during the past year? None
7. Briefly describe the reclamation work performed during the past year. This description should include methods employed, and an evaluation of the results.
Not applicable.
8. What is the **total** disturbed acreage of entire project at years end? None
9. Briefly summarize any mining and/or reclamation plans for the upcoming year.
Access road improvements to BLM requirements, Open and
initial excavation of stone for transport to Greenpeak-Dove Creek
millsite. This activity under the conditions of the SMO for the
property.

NOTE: Section III, "Additional Information" applies only to **large mining operations**.

III. Additional Information

1. An updated surface facilities map should be attached if there have been significant changes since the previous map was submitted.
2. Any monitoring results or other reports that are required under the terms of the approved notice of intention should also be attached.

IV. Signature Requirement

I hereby certify that the foregoing is true and correct.
